G/Cm

A1 (G)

O Jesus Christ, the Word divine  
He stepped down from glory into time  
Light that shines in darkest night  
Grace and truth in flesh alive

A2 (G)

To the lost, He spoke His name  
I AM the Way, the Truth, the Life  
Lifted high, the lamb was slain  
Love poured out to break our chains

B1 (Cm Temporary modulation)

Oh behold the Saviour's hands  
Scarred on the cross, the great I AM  
Death could never contain His breath  
The risen Lord, He conquered death  
Oh Jesus Christ

A3 (G)

Mary wept beside the stone  
'Rabboni!'—she knew His tone  
Sting of death could not restrain Him  
Light of life bursts from the grave

B2 (Cm Temporary modulation)

Still the scars His hands display

Touch and see—I am the Way  
Doubting hearts now believe in Him  
'My Lord, my God.' - the saint replied  
Oh Jesus Christ

A4 (G)

Now He lives (Messiah), exalted high (High Priest)  
Glorified (My Lord) at the Father's right (My King)  
Every knee will bow and sing  
Christ alone, our risen King

A5 (G)

As the Father sent Me forth  
Go proclaim My love My worth  
Spirit filled, we tell the story  
Christ died and rose on high

A5 (G)

Ending (G)

For God loved the world this way
